

Pill Bottle Bead Kit

Ingredients for Pill Bottle Bead Kit:

- 1 Large pill bottle (usually holds a 30 day supply)
- 2 yards of 3 different colors of plastic lacing
- Handful of pony beads
- Bead kit labels

Assembly Instructions:

1. Label the bottle with the bead label.
2. Cut 2 yards of 3 different colors of plastic lacing
3. Wrap 1 plastic lacing around 4 fingers and tie on itself to hold in place. (complete this with the other two colors of plastic lacing)
4. Place 3 pieces of plastic lacing in the labeled larger pill bottle.
5. Take a handful of pony beads to fill bottle.
6. Place cap on and secure.
